NOTICE

TO: All Community Members

From: Marcel Brascoupe, Project Manager (Infrastructure Projects 2026)

Date: May 12, 2026

Subject: *Construction Work – Infrastructure Projects 2026*

The following is to let all community members know that the construction work on the following infrastructure projects for 2026 will be starting within the next two weeks:

- 1) Kichi & JoJo OKitigan Water & Sewer project
- 2) Pitobig & Waboz Mikan Water & Sewer project
- 3) IELCC (Odekan) Construction (Day Care Extension)

During the construction of these projects, we ask community members to take extra precautions when entering the construction zones and exercise patience since some of these construction zones will have flagmen and in certain cases, traffic lights controlling the traffic through the construction zones.

In all cases, the contractors will be required to build side access roads to bypass the construction zones entirely but these access roads will only be one lane and may cause some delays in traffic during the peak hours of the day. Please take the time to plan your travel accordingly. Finding alternate routes around these construction sites instead of going through them may be your best bet in certain cases.

The normal work hours for these construction projects are 7:00 am to 6:00 pm weekdays. Some work may also take place on the weekends for emergency work.

Thank you for your support in this matter.
